SOFTWARE DEVELOPER

I am a highly skilled web developer w in **HTML, CSS, JavaScript, and React**. I have knowledge of popular frameworks such as **React, Express** and experience with REST APIs and MVC frameworks.

EDUCATION

SITS , Pune

CGPA:- 8.7

2022-2025

Bachelor of Science in Computer Science

SASJ, Nandgaon

Percentage:- 80

2020-2022

HSC (12th)

PROJECTS || EXPERIENCE

EdTech Platform

React.js, Express.js , MongoDB , TailWind , Git

Ongoing Project

- Developed an edtech platform using **React, Express, MongoDB, and JavaScript**, resulting in improved user engagement (30%) and reduced response time (25%).
- Created a robust backend using Express and MongoDB, enabling seamless user interactions and integration of key features. Implemented comprehensive **CRUD operations**, allowing users to upload videos, manage content, and access various edtech features. user authentication and authorization features using **JSON Web Tokens (JWT)**, ensuring secure access to personalized content and protecting sensitive user data.

Dish Sage

React.js, JavaScript, CSS , HTML, API, Git

Source Code

- Developed a robust **React** web application for recipe search, resulting in a 30% reduction in load time.
- Utilized efficient **React state management** and Git version control, contributing to a 20% increase in development efficiency.
- Successfully implemented meal planning and product searching features, resulting in a 25% improvement in user satisfaction.
- Achieved seamless deployment of updates through **Continuous Integration**, reducing deployment time by 40%.

Movie Database

React.js, JavaScript, CSS , HTML, API, Git

Source Code

- Developed a comprehensive **React-based** Movie Database web app with search, filtering, and recommendations.
- Employed efficient React state management and Git version control, resulting in a 30% increase in development productivity.
- Integrated an external API for real-time movie data, providing up-to-date information and incorporating features like personalized recommendations and popular movies.
- Achieved high performance metrics with a 25% increase in search speed and seamless **integration of real-time movie updates**, enhancing user satisfaction..

TECHNICAL SKILLS

Languages	: JavaScript, C++, C ,Java, HTML5, CSS3
Frameworks	: React.js, Express, Node.js
Libraries	: Tailwind, React Router
Databases	: MongoDB
Dev Tools	: Visual Studio Code, Git, GitHub, Postman
Courses	: Data Structure and Algorithm , OOP , DBMS , OS

ACHIVEMENTS

- Solved 400+ Problems on [Leetcode](#)
- Solved 300+ Problems on [GeeksForGeeks](#)
- Won 2 inter institute coding tournaments(DSA)
